

## Certificate of Completion

Dear Prathamesh Uravane,

Congratulations for have successfully completed your project entitled "Virtual Tutor for Comprehensive Student Monitoring". This certificate is a testament of your dedication, hard-work and perseverance along this journey, since March 8th to July 7th of 2024.

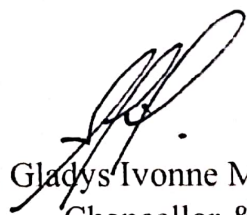

As a student of the last semester of Artificial Intelligence and Data Science from Vishwakarma University, Pune, India, your exemplary programming skills and in-depth knowledge have contributed significantly to improving the measurement of our academic standards. This project, supported by Universidad María Auxiliadora aimed to develop a Virtual Tutor that evaluates students' attendance, performance, and attentiveness using facial recognition, automating the generation and delivery of individual student reports and academic staff. This system ensures efficient monitoring and feedback to enhance educational outcomes.

Under the guidance of our teachers and tutors, you have demonstrated exceptional capabilities in the development and effective implementation of this model. Your valuable contributions have played a crucial role in its successful design and execution.

We extend our genuine congratulations for this achievement and wish you the best success in all your upcoming projects. Continue excelling and making remarkable contributions during your academic and professional journey.

Sincerely,

Lima, July 3rd, 2024

Dr. Gladys Ivonne Morán Paredes  
Chancellor & CEO
